Celebrate autumn's beauty on Sunday, September 28 from 12 to 4 p.m. at a special Open House at the Five Mile Woods Nature Preserve. Located in Lower Makefield Township, the Preserve has a variety of interesting woodland trails featuring early fall color.

Guided nature walks suitable for adults and children will focus on signs of fall that can be found in the Woods including seeds, nuts, and fallen leaves. Enjoy the outdoors, bring your children, and learn about the interesting things that you can find in the Woods. In addition, the Woods Headquarters Building will be open and you can observe a collection of live turtles, frogs and salamanders that make their homes in the Woods.

The guided walks will leave from Woods Headquarters throughout the afternoon. Refreshments will be served. The Woods provides habitat for many wild creatures including birds, butterflies, frogs and salamanders. It is also home to many plants including some that are rare. The walks will be at a leisurely pace along flat terrain and are appropriate for all ages. Old shoes or boots are recommended.

The program is free of charge and open to the public.

Five Mile Woods is a 300-acre nature preserve in Lower Makefield Township. It is located at 1305 Big Oak Road near the Kohl's Shopping Center. It is open to the public every day from sunrise to sunset.
