**Subject:** RE: question

David's fee is \$350 for the entire session. Based on the registration we bring in we will split that amongst the three of us on a percentage basis of the total registration. Once his fee is covered we each keep everything over that. 9 total students are needed to cover his fee.

**Subject:** RE: question

Hi Lynn, Monica and Matt!

Attached is a flyer that David Perry put together for his class. No price is mentioned on the flyer, just dates and time. You can send it with your own info, however you wish to use it. We are charging \$40 per student for the 7 week course. Each township will pay David according to the percentage of students they sign up. The course runs on Saturday mornings at 10:30am from March 6<sup>th</sup> to April 17<sup>th</sup>. We had good results with him before when it was a free course.

We will send you the class link to send to your students closer to the start time. It will run on Zoom. Any questions, feel free to contact me.

Thank you so much for partnering in on this with us!

**Subject:** question

Hi Matt and Monica!

Happy New Year! Hope you are both doing well. I have a question to ask both of you...

We have an artist, David Perry that has done online classes for us in 2020 and he also entertained our camp kids during the 2020 season. Below is a screen shot from his ad for the classes.

The classes were free but now we are trying to offer them for a fee for the new year. We are afraid of our numbers not being high enough to pay him without so we were wondering if you'd like to go in on it with us to have enough kids to make it not run at a loss. You would handle your own registrations and we would provide you the meeting link information. His cost would be split between the 3 townships based on registrations. Would this be something you'd be interested in?
