

Township of Lower Makefield

Community Access Award

Nomination for LMT businesses that have met or exceeded expectations with respect to people with disabilities can be submitted to the LMT Disabled Persons Advisory Board

Compliance with the Americans with Disabilities Act (ADA) makes good business sense. Businesses can tap into a huge and growing market of people with disabilities, and customers with disabilities can gain access to services, products, and employment opportunities. The U.S. Department of Justice census and financial information, gathered from a number of sources, illustrates how businesses can benefit by welcoming customers with disabilities.

It is the goal of Lower Makefield Township and the Disabled Persons Advisory Board to recognize local businesses that have demonstrated their support and responsiveness to people with disabilities. Nominations can be accepted from residents or the business themselves. The recognition can be achieved by making businesses accessible, employing people with disabilities or creating an innovative idea that helps people with disabilities gain access to their buildings or services.

To submit your recommendation, please email DPAB@lmt.org or call 267-274-1100 with your nomination and details on why you feel that particular business has met or exceeded your expectations. Please include your name and best way to contact you.
