PARENT/LEGAL GUARDIAN CONSENT

I recognize that although there may be certain risks or hazards to administering an EpiPen, it may be necessary for a Camp LMT staff member to assist with administering an EpiPen in order to prevent injury or death. I understand that an EpiPen will not be administered unless a staff member has determined that waiting for the arrival of myself, another parent or guardian, or emergency medical services would be more dangerous to the health or welfare of my child than immediately assisting my child with the EpiPen. I authorize Camp LMT staff to assist my child in administering his or her EpiPen in accordance with Camp LMT policies and the instructions that I have included in this form and I fully acknowledge and agree that I will not hold Camp LMT, Lower Makefield Township, or any of its staff, volunteers, or members responsible for any adverse reaction, including bodily injury or death.

Van Release

Each child has a home site for camp, either Edgewood Elementary School or Lower Makefield Township Community Center. If your child needs to be transferred from one site to another, we ask that parents complete a release. Children will only be driven year-round full-time Township employees. The Van is a Lower Makefield Township 12-passenger van that has been thoroughly inspected inside and out before use.

We ask that you fill out this release form so that we may transport your camper to Edgewood Elementary School, Lower Makefield Township Community Center, the Pool, or Kids Kingdom. In the past, we have needed these vans for days of extreme heat or in the event of a pop-up storm. This summer the LMT Van will also transport campers for before and after care.

Release

I hereby give Township Full Time Employees with a clean PA state driver's license the right to drive my camper in the van before care, after care, or during weather emergencies when a camper may need a safe ride. I am of full legal age or have parental consent. I have read this release and am thoroughly familiar with its contents.
