Mrs. Torbert called the February 26, 2015 meeting of the Citizens Traffic Commission to order at 7:30PM.

Approval of January 2015 Minutes - The January CTC minutes were approved as written.

Updating CTC Page on LMT Website – BOS Chairperson Kristin Tyler had asked Township committees to review their information on the LMT website, and make any changes necessary to improve communication between the Township and LMT residents. Ideas for improvement were shared and members volunteered to take pieces of the update and work on them before the next meeting.

Traffic Calming Guidelines – Mrs. Torbert and Mrs. Herman have been working on the Guidelines with the Township Traffic Engineer. The next step is to incorporate the changes and edit the entire document.

Other Business – Mrs. Herman reviewed the list of volunteer names and times for May 16, the day of the Car Seat Safety event.

Respectfully submitted,
Virginia Torbert, Chairperson
