Nonresidential	\$500.00	\$2,500.00

*Escrow for this item may be waived if application is associated with a current Subdivision/Land Development Application.

Professional Services Agreement

At the time of submission the applicant shall execute a Professional Services Agreement with the Township. The Agreement includes the establishment of an Escrow Account to cover the expenses of the Township for advisory services incidental to the review of the application. These services may include; engineering, legal, planning, traffic, landscaping and any other consultant necessary, in the opinion of the Township, to properly examine the proposed application. To any fees incurred by the Township, the sum of ten percent (10%) shall be added as reimbursement to the Township to cover administrative, overhead and other costs associated and incurred for the collection of such fees and their distribution. The Escrow Account funds shall be replenished to an amount to be determined by the Township within fifteen (15) days of when the applicant is notified by the Township that the funds are depleted to twenty-five percent (25%) of the original amount.

Escrow amounts shall be established in accordance with the Professional Services Agreement, all unused funds within the Escrow Account shall be returned to the applicant eighteen (18) months after completion of the project/development or upon written cancellation of the project/development upon approval by the Township of the refund.

In the event the applicant disputes the amount of any such expense in connection with the review of applications and reports, the applicant shall within ten (10) days of the billing date, notify the Township that such expenses are disputed as unreasonable or unnecessary, in which event, the Township shall not delay or disapprove a subdivision/land development application or any approval or permit related to the development due to the applicant's request over disputed fees.

In event that the Township and the applicant cannot agree on the amount of the review fees which are reasonable and necessary, then the applicant and the Township shall follow the procedure for dispute resolution set forth in 53 P.S. §10510(g), as amended; provided that the professionals resolving such dispute shall be of the same profession or discipline as the consultants whose fees are being disputed.

At the time of filing the Township shall verify that the Application, Plans and The Professional Services Agreement are complete and all fees are paid and the escrow is established.
